NOTICE

Faculty Development Program: AI for Researchers and Faculty

We are pleased to inform all faculty members that NIST Higher Education, in partnership with Nepal AI and Tech Digital Solutions (NATDS), is hosting a specialized Research and AI Advancement Session commencing this Sunday.

This program aims to strengthen our faculty's research competencies and promote the practical, ethical, and effective application of Artificial Intelligence (AI) in academic research, data analysis, scholarly writing, and publication.

Program Schedule & Venue

- Session Period: 2083-08-13 to 2083-08-18
- Time: 1:30 PM daily
- Venue: NIST Higher Education, Lainchaur, Kathmandu

Major Areas of Focus

- Literature Review: AI-assisted literature mapping and research gap identification
- Research Methodology: Effective research design and questionnaire development
- Data Analytics: AI-driven data analysis and statistical applications
- Scholarly Publishing: Enhancing academic writing and manuscript preparation
- Ethics & Governance: Research integrity, data privacy, and responsible AI usage

All faculty members are kindly requested to attend the sessions punctually and participate actively throughout the program. Let us collectively strengthen our institutional research culture through innovation, collaboration, and the responsible use of Artificial Intelligence.
